Please note that any reference to "parents" in this Information Sheet includes reference to guardians and carers where applicable.

Overview

State Squad is one of two Squads above Junior Competition ('JC') Squad (the other being Senior Squad). State Squad caters for accomplished swimmers committed to swimming as a competitive sport. The focus is to continue swimmers' improvement in all four strokes beyond the level attained in JC Squad to develop their full competitive potential.

The goal is to improve technique in all strokes, including starts and turns; improve speed and endurance; and prepare swimmers for optimal competitive performance at Queensland Age Championships.

State Squad sessions are 2 hours in duration and are usually offered at least once every day from Monday to Saturday.

Guidelines for Inclusion and Progression

Inclusion in State Squad, either from JC Squad or externally, is at the discretion of the State Squad Coach. Swimmers will usually be given a trial period to determine if they are suitable. Guidelines for inclusion in State Squad are listed below:

- Swimmers are usually at least 12 years old.
- Swimmers must regularly attend at least five sessions per week.
- Swimmers must be members of St Andrew's Swimming Club ('the Club') (see below), and compete at designated meets.
- Swimmers should have at least one Queensland Age Championships qualifying time or can train at the level to achieve one.
- Swimmers must demonstrate an ability to swim in a group and show respect for coaches and fellow swimmers.

The composition of State Squad will be reviewed at the end of each season.

State Squad swimmers may be promoted to National Squad at the discretion of the National Squad Coach, or move to Senior Squad at the discretion of the Senior Squad Coach.

Program Structure

The State Squad program is planned by the State Squad Coach with a view to preparing swimmers for designated meets. Sessions will include a variety of technique, skill, speed and endurance and elements to achieve optimal competitive performance.
